DESCRIPTION

A female solo circus show where the body becomes a playground of possibilities, combining antipodism, acrobatics, balances, contact juggling and humorous games with the audience.

SYNOPSIS

Different parts of the body appear and begin creating their own variety show.

Feet juggle, hands search for balance, and each part seems to have its own plans. But getting along isn't always that easy...

Through antipodism, acrobatics, contact juggling and playful acrobatic and musical games with the audience, a circus show for the whole family unfolds, where humour and play suspend time and invite everyone to play, whatever their age.

ABOUT THE COMPANY

Created by Rocío Contreras (Mar del Plata, Buenos Aires, Argentina).
In 2013, she left her university studies in Sociology to embark on a journey into the world of circus.

She began training in different cultural centers across La Plata and Buenos Aires.
She specializes in antipodism, while also developing skills in juggling, clowning, acting and acrobatics.
Her antipodism performances and workshops have since taken her across Argentina, South America and Europe, performing on stages and in public spaces.

In 2022, she founded *Compañía Frac*, bringing together her artistic experience and creative vision, and premiered her show *The Gift*.

Through her stage creations, she explores the fusion of circus with other art forms, such as theatre and dance, developing her own dramaturgy through a universal language that speaks to audiences of all ages.
Driven by the desire to tell stories, create moments of wonder and bring smiles to audiences in every corner of the world.
